What are cookies?

Cookies are small data files that are placed on your computer or mobile device when you visit a website. Cookies are widely used by website owners in order to make their websites work, or work more efficiently, as well as to provide reporting information.

Cookies set by the website owner (in this case, CLEVELEX Company) are called "first party cookies". Cookies set by parties other than the website owner are called "third party cookies". Third party cookies enable third party features or functionality to be provided on or through the website (e.g., advertising, interactive content, and analytics). The parties that set these third party cookies can recognize your computer both when it visits the website in question and also when it visits certain other websites.

Why do we use cookies?

We use first party and third party cookies for several reasons. Some cookies are required for technical reasons in order for our Website to operate, and we refer to these as "strictly necessary" cookies. Other cookies enable us to track and target the interests of our users to enhance the experience on our Website. Third party cookies are used on our Website for marketing purposes.

How can I control cookies?

You have the right to decide whether to accept or reject cookies. You can exercise your cookie rights by setting your preferences in the cookie banner. The cookie banner allows you to accept or reject all or some of the cookies we use on our website. However, some cookies cannot be rejected as they are strictly necessary to provide you with the services you have requested from us, and we will still use them and store them on your device.

We do not use cookies to collect personal information unless you have given us your consent. We do not use cookies for marketing purposes unless you have given us your consent. We do not sell your personal information to third parties.
